
Project

Victoria Wharf

Location

Cardiff

Accommodation

450 residential units

Value

£45m

Client

Taylor Woodrow
Developments

The Victoria Wharf scheme is in two phases. Each apartment block has been designed to maximize river views and create landscaped courtyards at river walk level.

This scheme forms the first element of the International Sports Village masterplan and so creates a high quality public realm, which has landscaped space including pedestrian and cycle access via the river walk to the new Sports Village complex.
