The development occupies a prime location within the lower harbour where it sits adjacent to the 5 star St David's Hotel & Spa in a burgeoning environment of exclusive apartments, shops and restaurants.

The apartment block includes a range of one and two bedroom flats with larger penthouses at roof level. The layout of each apartment has been designed to fully maximize the waterfront location.

Ocean Reach is alongside a retained grade 2 listed Pumphouse that is refurbished as part of the proposals and is expected to be occupied by a high quality restaurant operator.
