

Project

Phase 1 Primrose Valley

Location

Scarborough

Accommodation

New entrance and reception facilities, splash pool
1200 seat night time venue
Administration block

Value

£4.5m

Client

Bourne Leisure Limited

Bourne Leisure commissioned Holder Mathias to redevelop and extend on of its existing central complex villages at this Haven holiday centre. It has been earmarked as a flagship park for the North of England.

The feature pool has been designed for fun activities rather than traditional swimming, so it has been themed as an underwater scene.

Three pool areas have been designated for different activities and age groups. Features include a wade slide; geysers; water canon; bubble blowers; a water playground; water sprays; air benches and an interactive children's splash zone.
