

## Project

Exchange Square

## Location

Swindon

## Client

Joint venture  
Ashcroft Estates Plc  
Guildhouse Group  
Miller Developments

This is a competition entry that Holder Mathias and CZWG submitted with its developer client Eastcott Regeneration Partnership. It reflects the Council's vision to improve and regain Swindon's status as a strong sub-regional centre, influence the wider catchment area and, through that influence, stimulate even further involvement in the town.

Strategically placed at the centre, the site represents a fabulous opportunity to extend and mix neighbouring uses into a brilliantly active place that will truly be an exchange between people and communities.
