Galleria Seriate is located in the province of Bergamo in the catchment area of the region's two largest cities, Milan and Brescia.

The development of more than 50 retail units on two levels offers branded designer merchandise at discounted prices. A food court with three operators is located at the first floor, with direct access from the roof top parking, ensuring the food court can remain operational outside the centre's normal opening hours.

The centre is supported by more than 1,100 parking spaces on three levels each with its own entrance.
